

Past President Report for July 16, 2024

MHT-sponsored Eventing Judge/TD Accreditation Program Progress

Action Item from April 6, 2024 MHT meeting minutes: to follow up with the two Officials Sponsorship recipients and request progress report

On June 6, 2024 I emailed both recipients, and have received a progress report from one of the recipients, and sent a reminder to the second recipient on July 16, 2024.

The one report received was emailed to the other person named in the action item, the MHT email address, and to myself. Details shared were not favorable, however when I asked if they were open to me approaching EC, they were not eager to share past this point just yet. In respecting their privacy, we will not go further with this at this time. They are scheduled to attend Campbell Valley for shadowing in early August. They did mention that they couldn't afford to go further in this endeavor, nor unsure if they want to continue on. Will request a report once they return.

Question to board: Are we considering adding sponsorship funds to either participant to complete this program? If yes, I would recommend having a contract in place with details about the program, timelines, and expectations to give back to MHT.

Thanks, Dione.
