

7/8/2024

Volunteer Report

advertised volunteer incentives prior to last competition

plan to do same in next weeks, with recruiting posts - facebook and instagram

Also send email to members

- Sent email/messenger updates after first competition to volunteers and members where able showing hours completed, reviewing incentives
 - consider sending a briefer email next time saying they can contact me if they would like a summary of hours completed (less time for me to compile emails that are individual) and send if requested AND send if they reached a benchmark for the tiered reward program or completed their volunteer hours.
